

# BEXEL FIBER MINI BOOTH KIT

## FAST AND LIGHTWEIGHT CONNECTIVITY BETWEEN VENUES

### » AT A GLANCE

Introducing a remodel of the original Fiber Booth Kit, with your needs in mind. The “Mini” alternative is less than half the size to deliver a system that is more compact and lightweight with the same rugged functionality. The Fiber Mini Booth Kit includes 12 video, 16 audio, IFB, Intercom, plus the option for Robotic Camera support.

### » KEY FEATURES

Bexel developed a solution for interfacing the announce booth with audio, video, intercom and IFB equipment and connecting it to the mobile unit. The Fiber Mini Booth Kit comes packaged in a lightweight rack with suitcase style handles for easy transport.

### » TECHNOLOGY
